SAIER, STAR FIRST SACKER NEGRO SCRAPPERS

READY FOR BOUT

Both Claim to Be in Condi-
tion For Sunday—Her-
rick Returns Home.

Jeff Clarke, the Joplin middleweight and Rufe Cameron, of Kansas City, are both down to weight for their 20-round bout to be staged at Juarez Sunday, and only light training will be indulged in by both principals Saturday afternoon. Clarke will be handicapped by at least 20 pounds in favor of Cameron, who will weigh between 215 and 220 pounds at the ring side. Clarke will probably swing the bar at 165, which is his usual fighting weight. The Joplin boxer is known over the country as a clever scrapper, and is one of the best men of his weight in the world, according to critics.

A New Game for Both.
Neither boxer is familiar with the 20-round route. Cameron having traveled the marathon distance only once, while the limit for Clarke is 14 rounds. Through his weight and familiarity with the altitude in El Paso, Cameron is picked to go on at even money with Clarke, although the latter negro is the favorite to win either by knockout or on points, by a majority of the El Paso followers of the game.

If Clarke is to be whipped it is hardly likely that a matchmaker or promoter would select Cameron as an opponent, as Clarke is a clever, shifty boxer with a wallow in each line, while Cameron is a slow moving, slow thinking fighter, who can take a lot of punishment and hit a lot harder.

"Fighting Thorpe" is here.
"Fighting Thorpe," a Kansas City lightweight, came in yesterday with his manager, Prince Howard, and is already training for a fight at Juarez with Frankie Gage on the 27th.

The two boys will meet at 134 pounds and will go for 20 rounds.

Gage had a workout yesterday with Rufe Cameron, the big negro, and made a good showing before the fight fans who saw the work.

Herick Goes Home.
Having given up the idea of participating in a bout at the Juarez arena in the near future, Jack Herick, southwestern middleweight champion, left Thursday for his home in Kewanee, Ill., after being absent for over two years. Joe remained in El Paso with the intention of looking out for the interests of Jack and himself, as the boys received several offers from New Mexico and Arizona promoters to participate in bouts in the western states.

Jack will probably return inside of a month, as negotiations are now on for a fight between Luis Gonzales and Kewanee boxer, to be staged at Nogales, Sonora. Joe wired his terms for a 12-round bout to the promoters at the Sonora town Thursday, and an answer is expected shortly.

A movement was started by the promoters to match Jack with a contender, but the inducements were not satisfactory to either fighter.

BIG LEAGUES PLAN FOR WORLD'S SERIES

Games Will Be Played on Alternate Days if the Series Is in New York and Philadelphia.

New York, July 17.—Although neither the American nor the National league point is the most popular, the fact that the other members of the national commission are in favor of the New York world's series of 1913. The American league executive while here said:

"While the Athletics have a big lead at present, nothing is certain in baseball. I notice that Mack still is seeking a strong club for next year. He is a great acquisition to our league and will prove his value to the New York club before the season is completed."

President Johnson also stated that in case the Athletics and Atlanta win their respective league championships the world's series games would be played on alternate days at New York and Philadelphia. Should the winning teams be separated by a greater distance of travel than these two cities then the series would be played two games at home and two abroad.

Relative to the games, he said that in the future the world's series schedule would be adhered to and the tied game played on the next return to the city in which it occurred. Hereafter all umpires in the world's series will receive \$1000 each for their work in accordance with the policy established after the close of the 1912 play.

According to Johnson, interest in the world's title play this autumn will be keener than ever before. He said that applications for series seats already are being received. Only letters upon which Johnson laid particular emphasis were from five Americans now living in Chile, who wrote that they were planning to spend their vacation as spectators at the world's series providing they could be assured of securing seats.

LOWELL BOOST CLUB DECLARES DIVIDEND

Pushes Town Along and Makes a Profit For Its Stockholders Out of Picture Show.

Bisbee, Ariz., July 18.—At the first meeting of the Lowell club, formed to boost for Lowell, a 5 percent dividend was declared. The club, along with other activities in boosting the town, put up a moving picture theater and most of the proceeds came from this. It is of the organization to advance the town and the payment of the dividend is a vindication of the claim of the club at the start that boosting can be done at a fair profit to the boosters.

Ling Ki, a Chinese rancher living near Fairbank, was brought into the city by sheriff Wheeler and deputy Earl Howe, suffering from cuts and bruises sustained in a runaway. The two officers first found the team, tangled in the wreckage of the wagon, 20 miles further along the Tombstone road to wards Bisbee, the Chinaman was found.
